II. BACKGROUND INFORMATION
<p>Ogun State (OG) has recorded significant progress across various sectors in the current administration. There is however a need to plan for the medium to longer term, to ensure the achievements recorded are sustainable and to prepare adequately for the future. The Government has prepared a State Development Plan underpinned by strategies to achieve sustainable development in five key sectors – also referred to as the five cardinal programmes or objectives. This plan recognizes the need for the State to invest in the welfare of its citizens, but also recognizes the importance of economic growth available pool of resources available for this purpose. There are therefore two main themes to the plan, firstly, a focus on improving the economic base of the State, and secondly a focus on improving the quality of lives through better access to social services (education and healthcare in particular). Ogun state has always been cognizant of the need for an enabling and investor friendly environment, able to attract capital and foster economic growth. The investments into creating such an environment are recognized within this strategic plan, along with a clear intention to build on and consolidate the progress achieved to date.</p> <p>To improve and strength the economic impact to citizens in the state the government is in the process of applying for budget support from the World Bank, The State is in the preparation stage of the process and needs Project Manager for facilitation and management of preparation process.</p>
